

Popular Music of the 20's to 60's Class.

For those who remember the war years and the 50's, even the "Baby Boomers" in the 60's, listening to the music and singers of yesteryear is a refreshing change. Songs like 'It Had To Be You', 'The Tender Trap', 'It's Only a Paper Moon' or even 'We'll Meet Again' by the forces sweetheart Vera Lynn! What about Doris Day, Dusty Springfield or Cilla Black? And the blokes, Roger Whittaker, Dean Martin or Frank Sinatra? Even Rudy Vallee or Al Bowlly—sounds good?

We hear some of these and more on a Wednesday morning and really enjoy going down memory lane.
