

FRIDAY MULTI-MEDIA ART CLASS

School for Seniors offers 5 separate art classes all held in the Art room situated in the separate building at the rear of the premises. These classes are facilitated by volunteer tutors and other than the Monday afternoon class, do not offer a structured teaching format. Students are supported and encouraged by each others experience and knowledge.

Friday's multi media class offers the opportunity for artists with some experience to bring their own materials and subject matter to class and work in a friendly, casual environment with like-minded students. The class mixes sociability with opportunities to interact and learn from fellow classmates using similar or diverse media and methods. We have students using coloured and lead pencils, pastels, charcoal, acrylic paints and watercolours.

We exhibit our work independently and also at the end of year School for Seniors Christmas function. The art room caters for 18 students comfortably so it is imperative on registration day to arrive early to gain a place.
